

New Inspirations In Education!

When magnet programs began their fifteenth year in Duval County, it was thought appropriate to create fresh ideas. Thanks to a federal grant to develop seven new or revised programs, we proudly introduced our Inspirations Magnet Schools. The name was chosen because magnet schools light educational fires and spark imaginations. They inspire students to do great things! It seemed only natural to locate these new programs in the downtown area, which itself is experiencing an inspiring renaissance.

Aviation and Military Sciences Academy

The Aviation and Military Sciences Academy is designed to prepare students for future endeavors and to develop their interest in aviation and interactive learning through simulation and use of models. Leadership and character building is reinforced through the Pre-Collegiate community, elective classes, after-school activities, and summer bridge programs. The aviation and military science theme is integrated throughout the academic curriculum.

Admission

The school will have openings for sixth-, seventh- and eighth-grade students.
