Excellence

All who enter Justina Road Elementary experience a celebration of diversity in a community of lifelong learners. Our school community is made up of individuals who range widely in ethnic, demographic and socioeconomic makeup. We believe this fosters tolerance and acceptance through interdependent relationships. All members of our staff provide authentic accommodations for the whole child through collaborative and collegial planning. Here, professional learning communities are cultivated through planning, mentoring, nurturing and collaborative decision-making.

Our students benefit from a wide range of programs, including Spanish instruction, Fast ForWord, a TV-production studio, intramural sports, music and art instruction, after school TEAM UP program, and a six-week summer TEAM UP program.
