Visual And Performing Arts

As a proud recipient of the Magnet Schools Assistance Program Grant, we are able to offer eight art areas of study including: visual arts, dance, drama, chorus, strings, guitar, orchestra and piano.

Through this grant, we infuse the arts into the general curriculum. Fifth-grade students graduating from Lake Forest's magnet program receive priority for admission to LaVilla. We also offer an Extended Day Program, TEAM UP, Cathedral Arts Project classes and Orchestra classes after school.

The Lake Forest Experience

At Lake Forest Elementary, students come together with faculty, staff, parents and the community to create an enriching learning experience. All of our magnet program classes are kept to an average of just 20 to 24 students, so students receive a personalized education.

At Lake Forest, students have the opportunity to discover and develop their talents in a broad spectrum of art disciplines, including:

- Dance
- Orchestra
- Drama
- Strings
- Chorus
- Visual Arts
