

## Martin Luther King, Jr. Elementary F.A.M.E. Academy

### Our Mission

The mission for Martin Luther King, Jr. Elementary F.A.M.E. Academy is to provide a quality education, stimulating to all, and supported by diverse learning opportunities.

## Martin Luther King, Jr. Elementary F.A.M.E. Academy

*Foreign Language • Academics • Music Enrichment*

## The F.A.M.E. Magnet Program and Your Child

The F.A.M.E magnet program at Martin Luther King, Jr. Elementary School challenges each student to succeed academically by becoming a confident and accomplished learner. This is achieved through a school-wide program emphasizing three important areas:

- **Foreign Language**
- **Academics**
- **Music Enrichment**

F.A.M.E is a nurturing and success-oriented program built on the belief that each child comes to school with many different talents.

F.A.M.E and watch  
your child soar  
like an Eagle!**

# F.A.M.E

Foreign Language • Academics • Music Enrichment

At Martin Luther King, Jr. Elementary F.A.M.E Academy, we guide, encourage, and support all students in their efforts to achieve and sustain successful outcomes.

Our theme is **“Reaching Achievement with Commitment and Excellence”**.

Our philosophy is to educate and bring accomplishment to all students by giving ‘best in class’ academic support to our various educational programs. We are committed to building relationships that encourage student aspirations and academic interest. As our F.A.M.E acronym implies, we also focus on three areas:

**Foreign languages** take our students to foreign lands and cultures. This program emphasizes academic performance in Spanish and is complemented by our Spanish dancers, Tinikling team and Spanish Club.

**Academics** include a standards-based curriculum. The arts are infused into the academic environment to foster students’ independence, collaboration and critical thinking skills.

**Music-enrichment** programs give students the opportunity to express themselves through musical instruments, music theory, rhythm and other rudiments of music. Music study helps students become motivated and self-assured while fostering creativity and self expression.

## Teaching the Total Student

Martin Luther King, Jr. Elementary F.A.M.E Academy offers a broad educational experience in a setting where the No Child Left Behind law is exemplified. We are a Title I school that implements technology-based instruction via SuccessMaker, Compass Odyssey, Destination Success and Fast ForWord.

Arts Integration, SES Tutoring Providers, and the TEAM UP after-school program also assist with growing successful learners. Extended day is offered Monday through Friday (Morning Only).

We take great pride in teaching the total student, instilling dignity, respect and above all, pride. We have a dynamic professional staff. Our staff is committed to providing a ‘richer’, ‘hands-on’, school culture that focuses on enhancing critical thinking skills in all students. The curriculum includes opportunities to prepare our students to become self-sufficient citizens and lifelong learners.

## S.T.A.R

*Students Taking Academic Responsibility*

S.T.A.R is a program that provides innovative and specific instruction for students who are over age due to retention. This program also provides students with the opportunity to accelerate to the grade level of their peers.

## Special Events and Activities

Our students enjoy *The Eagle News* (a student-generated television production), safety patrols, Winter and Spring band competitions, Tinikling team, Spanish dancers, Eagle Cheerleaders, and Art Club. Students are provided with opportunities to perform throughout the community.
