

A World Of Learning

The International Studies Magnet Program at Chimney Lakes Elementary School offers students an opportunity to learn while experiencing the rich diversity of cultures around the world. We are proud of the involvement of parents, business partners, faculty and community volunteers in creating an outstanding environment for learning in a state-of-the-art facility. And we're also proud that Chimney Lakes has won recognition by the State of Florida for continually receiving high academic grades.

Duval County Public Schools prohibits any form of discrimination or harassment on the basis of race, color, religion, gender, age, marital status, disability, sexual orientation, political or religious beliefs, national or ethnic origin, veteran status, or any other distinguishing physical or personality characteristics in any of its programs, services or activities.

Education

On An International Scale

The goal of the International Studies program at Chimney Lakes is to educate children within the context of understanding the cultures of many different countries. We strive to give students an appreciation for the diversity of the world's cultures. And we try to impart the experience of life in other parts of the world by frequently creating settings, displays and styles of dress in the native character of other societies. Strong emphasis is also placed on the study of geography.

International Studies also uses the arts and technology to develop an appreciation and understanding of other cultures and to enrich the current social-studies curriculum. The program includes:

- Student-produced closed-circuit TV programs
- Computer instruction
- Ethnic dance, foods and arts
- Emphasis on positive character traits

Each year, our exciting Multicultural Explosion event gives students a chance to experience various countries of the world through their native traditions.

A Broad-Based Curriculum

The educational team at Chimney Lakes Elementary School is thoroughly committed to providing children with the opportunity to develop a continual love of learning through a well-rounded curriculum and an encouraging environment.

High academic standards and expectations have resulted in high student academic achievement.

In addition, a wide range of activities are offered, which may include Teachers of Tomorrow, Safety Patrols, Peer Mediators, Garden Club, Art Club, Chess Club, Chorus and other programs.

Parents and community volunteers assist in our classrooms on a daily basis, and the school is actively supported by the Parent Teacher Association.

Support Programs

The Chimney Lakes Extended Day Program helps meet the needs of working parents while also enriching the child's educational day through arts, crafts, music, computer, tutoring, story hour and supervised study.

A school-wide discipline plan provides for a safe and orderly learning environment.
