

## Ensuring That No Child Is Left Behind

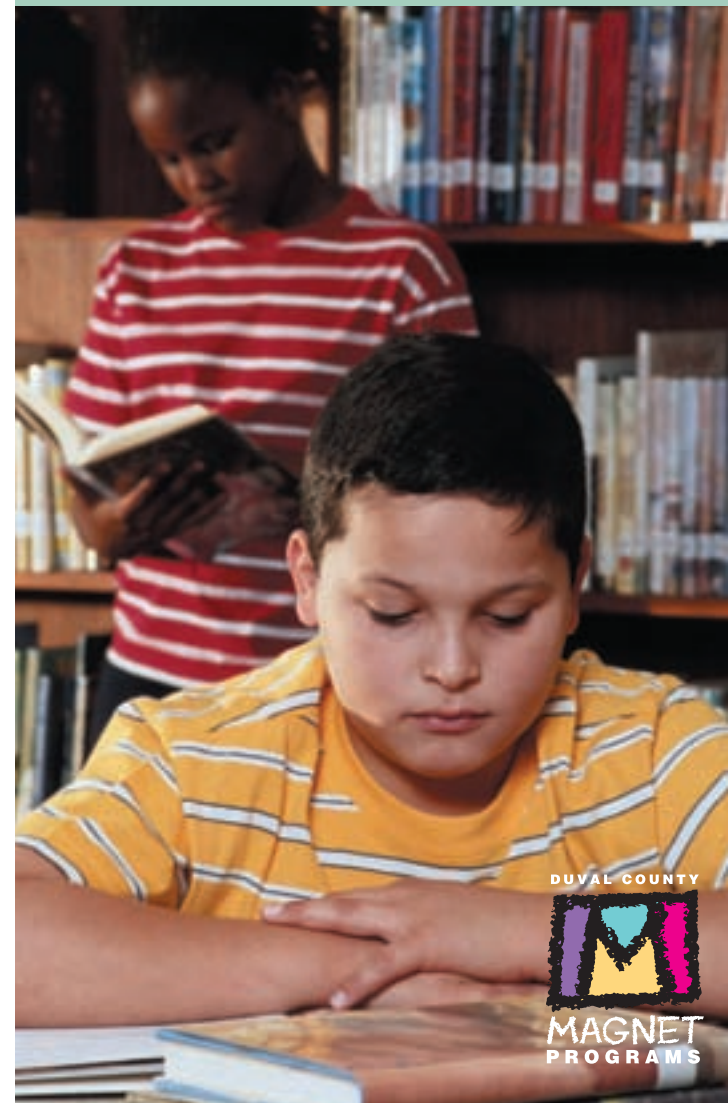

Our standards-based instruction which includes Readers Workshop, Writers Workshop and Math Investigations along with the best teaching strategies enables students to meet district, state as well as national standards. Students are exposed to various enriching activities such as Math Superstars Club, Invention Convention, Science Fair, Cross Grade Level Buddy Reading, Book Clubs, and various academic Family Nights. Greenfield Elementary School's winning combination of successful academics, nurturing atmosphere and community support make our school your best choice!

## Academic Enrichment

## It All Starts With Academics

It is our vision at Greenfield Elementary to instill lifelong learning in our students and faculty in a safe and nurturing environment. We will strive to meet the needs of our community through our students and families. Our standards-based classrooms will ensure that NO child is left behind.

The academic enrichment program at Greenfield benefits from small class sizes and is enhanced by features such as small-group remediation, a peer tutoring program, and in-school tutoring. Students are challenged by other programs such as academic incentives, Accelerated Reader, the Sunshine Math Program, cooperative learning techniques

and hands-on experience with manipulatives. As a parent-resource center for autistic students in Region 5, we also house

resources and materials to inform parents about autism.

At Greenfield, we expect high standards, leaving no students behind. Individual student assessments allow our teachers to meet the unique needs of each student. The teachers are kept up to date on the latest instructional methods through regular professional development.

## Five-Star School Award

Greenfield Elementary has won the prestigious Five-Star School Award for six consecutive years. This award recognizes five areas of achievement: business partners, volunteers, student community service, School Advisory Council and family involvement. To complement these efforts, we've combined academic excellence with a wide variety of programs to enhance the entire educational process:

- Volunteer program for siblings, parents and grandparents
- Business partnerships that provide for family activities
- Daily and weekly parent contact
- Student planners to keep parents informed of school activities and daily assignments
- An active PTA and SAC to support students and the school
- Extended-day program before and after school
- Quarterly and monthly recognition ceremonies

## Greenfield Values

At Greenfield Elementary, we are proud to remain on the leading edge of technology. We are a totally deployed school with a wireless LAN, which allows all computers to connect to the Internet and server via a wireless system. Teachers can communicate via websites and laptop computers with Internet access. Students also access the Internet via classroom computers.

It is our vision at Greenfield Elementary to instill lifelong learning in our students and faculty in a safe and nurturing environment. We will strive to meet the needs of our community through our students and families. Our standards based classrooms will ensure that NO child is left behind.
