

PREPARE FOR SUCCESS

In the 21st century, it's not enough to graduate with a high school diploma. Technological advances and computers demand that students receive specialized training at the high school level in order to adequately prepare for college or business.

JOIN A WINNING TEAM

Enroll in Ribault High School's Marine Corps Junior Reserve Officer Training Corps (MCJROTC) and experience many of the same features available in the academic magnet high schools. You will learn self-discipline, self-confidence and leadership skills that will prepare you to successfully meet the challenges of adulthood. There is NO military obligation required to be a part of this program.

We are the only military science magnet program in Duval County offering a military preparatory school approach to learning. Curriculum, instruction and activities are designed to develop leadership abilities regardless of which career path is followed.

COLLEGE PREP

We employ a "military academy" approach to preparing students for college, including qualification and admission into the Armed Forces academies.

Cadets will also be eligible for ROTC scholarships at leading universities and colleges throughout the nation. We will assist the cadets in learning of those opportunities and, also, in the application process.

Our program emphasizes academic excellence, hard work and personal integrity. Whether a graduate goes on to a service academy, college or other endeavor, we instill within him/her the life skills that will insure success after high school. Why pay tuition at a private school? We can provide a quality education here at Ribault, and we even provide the uniforms!

MCJROTC HIGHLIGHTS

Student Recognition

Cadets who excel are recognized by prominent civic, veteran, and educational organizations with certificates and distinctive awards.
