ROBERT E. LEE

EARLY COLLEGE PROGRAM

Early College at Lee High School offers highly motivated students the opportunity to participate in a rigorous academic program developed for students to achieve up to two years of college credit during their high school years. Students will demonstrate academic mastery through multiple measures of performance such as standardized testing, performance assessments, portfolios, and college-level coursework. Early College has a vision inclusive of parents as partners along with the students, the school staff, Florida State College at Jacksonville, and the community around us. Learning is valued for its own sake and for the career choices it puts before young people.

The admission process begins with the application to the Early College at Lee High School. To receive your application, please contact us at the number below.
